RE: South Cavalcade Street site

Dear Mr. Tymiak:

Enclosed are copies of Carp, Dresser and McKee's cover letters, summaries and field notes for their compliance monitoring activities at the South Cavalcade site. These enclosures cover the time periods of March 24-28, March 31 to April 4, April 7-11, April 14-18, and April 21-25, 1986.

Per our informal meeting in Dallas (May 2, 1986), EPA understands that Ms. Craig will spend more time in Houston and correct the problems documented in these compliance monitoring notes. Should you have any questions please contact John Cochran at (214) 767-9700.

Sincerely yours,

Larry Wright, Chief
Superfund Enforcement Section
